

Community Group Vision and Expectations

*Experiencing Divine power through relationships, Striving together towards lives of spiritual passion.
(Romans 8:29)*

- To become biblically oriented by knowing God through His Word and experiencing Him in our lives. (2 Timothy 3:16-17)
- To serve and love one another through the exercise of spiritual gifts and wisdom. (1 Peter 4:10)
- To lovingly impact our church, community, and world for the glory of God. (Matthew 28:19-20)
- To grow in our dependency on God through prayer. (Luke 11:1-10)

Attendance

I will attend all Community Group meetings unless circumstances beyond my control prevent me. I understand that there are approximately 26 meetings between August and May, and that I should be in attendance at least 20 meetings. (I understand that if I cannot meet that level of participation, I will withdraw from the group.)

Participation

I will come to the group prepared in order that I may contribute to the group discussion, and I will verbally involve myself in the spiritual discussions of the group.

Growth

I agree to pursue the Core Values for personal and spiritual growth. I also understand that my spiritual gifts and wisdom are needed to help other members of the group mature spiritually.

Confidentiality

I agree to keep what is shared, spoken of, and prayed about during our times together within the strict confidence of group members and/or pastoral staff...even when praying with others outside our group.

Accountability

I agree to give the other members of the group permission to hold me personally accountable for sin issues in my life.

Service

We agree, as a group, to discuss, choose, and participate in a Culturally Engaged project /outreach...either an ongoing or a one-time culturally engaged opportunity.
